

The logo for the Testa group's 50th anniversary. It features a graphic element on the left composed of red and blue dots arranged in a grid-like pattern. To the right of this graphic, the word "Testa" is written in a large, bold, red sans-serif font. A stylized "50" is positioned next to it, with the number "50" in gold and the "0" containing a smaller red graphic. Below "Testa" is the word "group" in a smaller, orange sans-serif font. At the bottom of the "50" graphic, the years "1969 • 2019" are written in a small, gold font.

MOD. 111

Tensionless Inspection Machine

Made in ITALY since 1969

MOD. 111

Tensionless Inspection Machine

Mod. 111 is a simple and versatile model that allows inspecting any kind of fabric. Testa inspection machines are known all around the world for the respect of the tension of the fabric and therefore for their accuracy in the metric measurement of the fabric. The solid structure and the reliability of these machines, with their longevity, are the signature of Testa production since 50 years.
